

RECEIVED**NOV 07 2003****PUBLIC SERVICE
COMMISSION**

November 7, 2003

Mr. Thomas Dorman, Executive Director
Public Service Commission
P. O. Box 615
211 Sower Blvd.
Frankfort, Kentucky 40602-0615

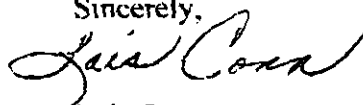

RE: Case No. 2003-00360

The attached petition was hastily circulated to head off an attempt to remove Doe Valley from the protection of the Public Service Commission. Property owners learned of the November 13th conference in Frankfort from the PSC website, but were never officially informed of it. In fact not all members of the five-man utility board have been informed. President (Cerry Lynn) and Vice President (Joe Nepi) are former POA Board members who appointed themselves to the utility board on their last day in office. The only elected member of the utility board is Joe Hagar, who currently sits on the POA Board.

Since these people were not elected, many of us feel that they do not speak for or represent the community. As stated on the petition, the only input gathered from the community did not address the issue of going private, and we are convinced that most homeowners would oppose such a move if they understood the ramifications thereof. As also stated, we are not asking for a full intervention, but only for enough time to seek consensus.

Signatures are still being gathered, but since time is of the essence we are forwarding these three pages today. Additional pages will be forwarded next week

Sincerely,

Lois Conn

Public Service Commission
Doe Valley Board of Directors

October 31, 2003

**Petition Regarding Control of Doe Valley Water Rates By The
Public Service Commission**

We, the undersigned, respectfully petition the PSC and the Doe Valley POA (Property Owners Association) Board of Directors the opportunity to seek community consensus regarding whether or not the Doe Valley Utilities Company (DVUC) should be under the watchful eyes of the Public Service Commission (PSC). The only surveys taken thus far have confirmed that the majority wish to keep Doe Valley lake as our raw water source, but the prospect of making us a private utility was never even addressed (DVUC has taken action to sever its relationship with the PSC). Many remain unaware that such a move would give the utility company unfettered control, and deprive us all of PSC rate protection.

We are not requesting a formal intervention, we are simply asking the POA Board to address this vital issue before committing us to a potentially hazardous course of action. We respectfully request that the Board of Directors hold a special meeting before November 13th to determine whether conducting a survey is a reasonable request.
